

**MUNICIPAL CODE:
WATERBERG DISTRICT MUNICIPALITY**

In compliance with the Local Government: Municipal Systems Act, 2000 (Act 32 of 2000), municipalities are required to maintain a comprehensive and accessible record of all by-laws to ensure transparency, accountability, and consistency in governance. The following outlines how the Waterberg District Municipality fulfils this obligation.

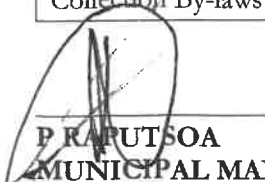

Section 15 of the Municipal Systems Act obliges municipalities to compile and preserve a complete set of their by-laws. This compilation must be kept either in bound or loose-leaf format and, where possible, also in electronic form. It must include all provisions formally adopted or incorporated by reference as municipal by-laws.

The by-laws listed below were duly adopted by the Council of the Waterberg District Municipality and remain in effect as recorded in the Municipal Code. Amendments to these by-laws occur only after they have been approved by Council and promulgated in accordance with Sections 11, 12, and 13 of the Municipal Systems Act, together with Section 7 of the Rationalization of Local Government Affairs Act.

The responsibility for compiling and updating the Municipal Code rests with the Department of Corporate Support and Shared Services, which ensures that the Code remains current and authoritative.
